

World's Largest Ropeway and SORA Terrace's Magnificent Scenery Above the Clouds

Ryuo Mountain Park is a mountain resort in the northern part of Nagano, which is open all year round.

Please go up to the 1,770m high mountain top on one of world's largest ropeways, VESSEL. From SORA Terrace on the top, you can see breathtakingly glorious scenery that changes from moment to moment. A sea of clouds spreading beneath your eyes and the sunset turning the whole sky orange are recommended photo spots.

On the mountain top, you can enjoy trekking while admiring various kinds of wild flowers in each season. If you get tired, please take out SORA Café's original drinks and foods, and relax on the terrace.
